(1) Yields average of multiple cartridge tests by independent laboratory

* Contains a smart chip to enable smart print functions.

No Impact on your OEM printer warranty:

The Hewlett-Packard warranty states: "For HP printer products, the use of non-HP cartridge does not affect either the warranty to the customer or any HP support contract with the customer. However, if printer failure or damage is attributable to the use of a non-HP cartridge, HP will charge its standard time and materials charge to service the printer for particular failure or damage"

XEROX 100% RISK-FREE GUARANTEE:

If a Xerox compatible cartridge does not provide the stated quality and print yield, Xerox will replace the cartridge or refund the customer's purchase price within one year of purchase.

If a Xerox cartridge causes damage to a printer that can be traced back to the fault of the Xerox cartridge, Xerox will reimburse the customer for all service costs incurred to repair the printer
